KLINGER Pipe Products - Select the correct product for the job.

POLYGRIP COUPLING
DN63mm - DN315mm
Up to PN16
HDPE and PVC pipe

LARGE DIAMETER POLYGRIP
DN350mm - DN600mm
Up to PN16
HDPE pipe and Steel pipe

EVOGRIP COUPLING
DN110mm and DN160mm
Up to PN16
Cost effective restrained joints for HDPE and PVC pipe

G-FLEX GRIPPER COUPLING
DN20mm - DN350mm
Up to PN30

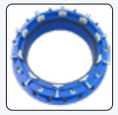

RESTRAINED COUPLINGS
For plastic and metallic pipe.
Join plain ended pipes providing full axial restraint. Thereby preventing the pipework from pulling apart.

No need for pipe anchors, thrust blocks or pipe restraint by other means. Saving time and money.

POLYGRIP ADAPTOR
DN63mm - DN315mm
Up to PN16
HDPE and PVC pipe

LARGE DIAMETER POLYGRIP
DN350mm - DN600mm
Up to PN16. HDPE pipe

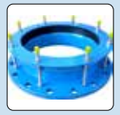

RESTRAINED FLANGE ADAPTOR
DN50mm - DN2000mm
Up to PN64. Steel pipe

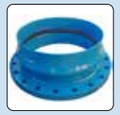

RESTRAINED ADAPTORS
Join plain ended pipe to flanged pipe providing full axial restraint. Thereby preventing the pipework from pulling apart.
No thrust blocks required.

UNIFIT ADAPTORS
DN40mm - DN600mm
PN10/16
Universal flange drilling

FLANGE ADAPTORS
DN40mm - DN3000mm
Up to PN64
For all rigid pipes

ENERSEAL ADAPTORS
DN315mm - DN1000mm
Up to PN25
PVC pipe

FLANGE ADAPTORS
Cost effective rapid connection of plain ended pipes to flanged pipes.
Universal drilling and special request drilling available.

UNIFIT COUPLING
DN40mm - DN600mm
Up to PN64
Wide range. All rigid pipe materials

LONG BARREL COUPLING
DN40mm - DN3000mm
Up to PN64
All rigid pipe materials

LARGE DIA. COUPLING
DN650mm - 3000mm
Up to PN64
All rigid pipe materials

STEP COUPLING
DN40mm - DN3000mm
Up to PN64
All rigid pipe materials

END CAP
DN40mm - 3000mm
Up to PN64
All rigid pipe materials

JUNIOR COUPLING
DN15mm - DN50mm
Up to PN40
Steel pipe

DEDIFIT COUPLING
DN40mm - DN400mm
Up to PN16
Dedicated PVC and steel pipe

SHORT COLLAR PIPE COUPLING
DN50mm - DN300mm
Up to PN16
Fibre cement pipe

G-FLEX INSTALL COUPLING
DN15mm - DN2500mm
Up to PN16
All pipe

LP COUPLING
DN280mm - DN3000mm
Low pressure structured wall pipe

COMPLETE RANGE OF PIPE COUPLING PRODUCTS: For specialized and standard plain ended pipe connections.

DISMANTLING JOINT
DN40mm - DN3000mm
Up to PN40
For all flanged pipes

ENERSEAL DISMANTLING JOINT
DN50mm - DN1000mm
Up to PN25
Fast installation for all flanged pipes

RUBBER EXPANSION BELLOWS
DN20mm - DN600mm
Up to PN16
For all flanged pipes

DISMANTLING JOINTS
For valve installations and future valve maintenance offering easy installation adjustment.

RUBBER BELLOWS
For absorbing vibration, compensating for pipe movement.

HALF COUPLINGS FOR FITTINGS
Manufactured and sold ready for welding to fabricated fittings at customer facilities.

STEEL SOCKETED FITTINGS
DN40mm - DN1600mm
Up to PN40
Socketed fittings for all pipe

ENERSEAL FITTINGS
DN315mm - DN1000mm
Up to PN25
Boltess socketed fittings for PVC pipe

REPAIR COLLAR
DN40mm - DN3000mm
Up to PN40
For all bell & spigot pipes

REPAIR COLLAR
For the repair of leaking bell and spigot joints, AC collars and couplings. No need to dig up and disturb the pipe. Simply install around the leaking joint.

SNAP CLAMP
DN15mm - DN50mm
PN16
PVC, steel, copper pipe

JUNIOR REPAIR CLAMP
DN15mm - DN50mm
PN16
PVC, steel, copper pipe

ULTRA CLAMP
DN40mm - DN1200mm
Up to PN16
All rigid pipes

G-FLEX REPAIR
DN350mm - DN2500mm
Up to PN30
All rigid pipes

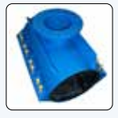

ULTRA CLAMP SERIES
For rapid and permanent repair of damaged pipes including: corrosion pitting / impact damage / cracks

These products should not be used for joining pipes as they do not accommodate pipe misalignment or angular deflection.

G-FLEX REPAIR
For the repair of large diameter and pressure pipes. These products can be used to join pipes as they can accommodate pipe misalignment and angular deflection.

G-FLEX REPAIR
DN20mm - DN350mm
Up to PN30
All rigid pipes

EASI TEE
DN150mm - DN600mm
Up to PN25
DN25mm - DN250mm outlet

ULTRA SADDLE
DN50mm - DN350mm
Up to PN16
DN15mm - DN50mm outlet

BOLT ON PIPE SADDLES
Available for all types of rigid pipe materials.

The range covers outlets from 20mm up to 100mm BSP and flanged.

UNDER PRESSURE DRILL KIT - UPD
Complete a live tap into an operational pipeline by utilizing a suitable saddle and valve.

UPD
DN15mm - DN150mm
Drilling heads up to PN25

DI SADDLE FOR PVC PIPE
DN63mm - DN200mm
Up to PN25
DN25mm - DN50mm outlet

BUFFALO SADDLE - SINGLE STRAP
DN50mm - DN600mm
Up to PN20
DN20mm - DN50mm outlet

BUFFALO SADDLE - DOUBLE STRAP
DN125mm - DN600mm
Up to PN16
DN20mm - DN100mm outlet

SERVICE SADDLE
DN50mm - DN350mm
Up to PN16
DN15mm - DN50mm outlet
